Privacy Notice

Oregon Heart Center's physicians may participate in training other medical professionals in various areas of expertise and may be compensated for such training. Trainees may be present during, or participate in, your care. All trainees are closely supervised by certified medical personnel and subject to the privacy policies of Oregon Heart Center as outlined in the Notice of Privacy Practices. If you would prefer not to have a trainees present during your care, please tell your healthcare provider.

In addition, Oregon Heart Center occasionally participates in gathering information for clinical studies and is compensated for our participation. Your information will not be used in any study unless you are specifically enrolled in the study. Prior to being enrolled in any study you will be provided with details of the study and be asked to sign an informed consent regarding the study.
